

**Report from the Maryland Health Benefit Exchange
about Maryland Health Connection,
the state-based health insurance marketplace**

BALTIMORE (May 16, 2014) — Maryland has surpassed 67,900 enrollments in qualified health plans through Maryland Health Connection, and more than 275,000 Marylanders have gained Medicaid coverage in 2014.

As of May 10, 2014, there are approximately 343,000 total enrollments, a number that will continue to grow this year.

Medicaid enrollment is year round. Marylanders also can still enroll in qualified health plans if they have major life events like getting married, having a baby, or losing their current coverage.

Marylanders who think they may qualify for a [special enrollment period](#) should call the Consumer Support Center at 855-642-8572 (TTY 855-642-8573) for information and to enroll.

As of April 29, 2014, 275,090 individuals have gained Medicaid coverage in 2014 and remain active in Medicaid. This includes the 95,889 PAC enrollees who were automatically converted on January 1, 2014 to full Medicaid coverage.

As of May 10, 2014, 67,907 individuals have enrolled in a qualified health plan.

In addition, as of May 13, 2014, 12,947 dental plan enrollments have been sent to participating insurance companies.
