Thank you for considering DeltaCare[®] USA for your dental coverage. When it comes to dental benefits, making the right choice doesn't have to be complicated. DeltaCare USA plans are easy to use, and offer a great combination of affordability and dentist choice. Learn how DeltaCare USA plans work, and how they could be a part of your strategies to keep you healthy.

About DeltaCare USA

Upon enrollment, enrollees receive a list of dental procedures that show their share of the cost for covered services when provided by their selected DeltaCare USA network dentist. This share of the costs is called a copayment. Enrollees must visit their selected DeltaCare USA dentist in order to receive benefits. They are responsible only for the copayment for each procedure at the time of treatment.

In addition to knowing procedure costs up front, DeltaCare USA plans also provide other advantages. The plans do not require enrollees to satisfy a deductible, so they can start saving on out-of-pocket costs immediately. And with no annual maximum limitations, enrollees can use their DeltaCare USA benefits all year long.

Plan features

- DeltaCare USA plans include no deductibles and no annual benefit maximums for covered services.
- Low or no copayments for many services such as cleanings and exams help keep smiles healthy by encouraging regular checkups and cleanings.
- No claim forms to fill out – patients just pay their DeltaCare USA dentist the copayment amount at the time of service.
- Easy-to-use DeltaCare USA dental plans provide a great balance of network dentist choice and affordability.

Dentists you can trust

- A network of private practice dental facilities that have been carefully screened for quality care and best practices
- A large choice of dentists and low network turnover so that patients can enjoy a long-term relationship with their network dentist
- Easy access to specialty care – DeltaCare USA network dentists will coordinate care if enrollees require treatment from a specialist for services covered under the plan
